

Come one, come all to the first-ever Wisconsin Farm to Early Care and Education Call!

Farm to early care and education (farm to ECE) offers access to healthy, local foods, gardening opportunities and food-based activities to enhance the quality of the educational experience in all types of ECE settings including preschools, child care centers, family child care homes, Head Start, Early Head Start, and programs in K-12 school districts.

This presentation is open to anyone with an interest in bringing healthy, local food to Wisconsin's youngest eaters.
